

## REQUEST TO APPEAR AS A DELEGATION

ON  
May - 19 - 2015

Council Chambers, Town Hall  
810 9<sup>th</sup> Avenue South, Golden, BC

COUNCIL

Name of Person Making Presentation: Inge Clapperton

Address: 1428 Birch Crescent  
Golden BC V0A 1H6

Phone: 250-344-2522

Business: \_\_\_\_\_

Fax: \_\_\_\_\_

E-Mail Address: [iclapperton@yahoo.com](mailto:iclapperton@yahoo.com)

SUBJECT AND DETAILS OF PRESENTATION: 1) Present issues related to the proliferation of EMF/RFR (electromagnetic radiation/radiofrequency radiation), particularly as it pertains to health & safety, Safety Code 6, liability insurance, real estate values, and proposals for cell towers and other EMR-emitting or –receiving equipment

ACTION YOU WANT FROM COUNCIL: 1) We request development of a Communication Antenna Protocol for the town of Golden – to cover all antennae, transmitters, receivers, antenna systems or any EMR-emitting or –receiving equipment, with emphasis on justification for such equipment, location, and consultation. This would give Golden more control and involvement in the process. A suggested protocol can be provided to work from.

2) We request the town call a moratorium on the current Rogers and Telus cell tower proposals for Golden until the parliamentary Standing Committee on Health releases recommendations based its current investigation into Safety Code 6 (HESA2015) and resulting changes are made to Safety Code 6.

### PLEASE NOTE

**If you are using PowerPoint for your presentation, please use a memory stick.**
