Dear Ms. Noble,

Thank you for your emails of June 26 and July 22, 2015, in which you share your concerns about the safety of the smart meters being installed by BC Hydro, as well as an Answering Brief involving Oncor Electric Delivery Company, LLC.

We appreciate your ongoing interest and concern for this topic, and we continue to invite you to send us material at any time. Suggestions from members of the public help inform our audit planning.

However, as previously stated in our letter to you dated December 30, 2014, we are unable to report to you on the status of any work the Auditor General may choose to do relative to your request.

You may be interested in reading the [Performance Audit Coverage Plan](#) that our Office released on July 21, 2015. You can also stay up to date on the projects we are currently working on by visiting our [Work in Progress](#) page.

Thank you for writing. We value your input.

Yours truly,

Bill Gilhooly BA, CPA, CA, PMP
Assistant Auditor General
