

A 25 meter cell tower is being proposed for the parking lot right next this playground at Rocky Ridge Ranch Centre, Calgary, Alberta. Objection emails needed by June 3rd, 2021

Urgent request to anyone having friends and family in the Rocky Ridge Ranch area of Calgary, Alberta.

Freedom Mobile is proposing to put a 25 meter high cell tower on the grounds of this community centre and playground. The deadline for the public to comment is June 3rd. There are no long term studies showing no impacts on health of children from exposures to cell tower radiation. Health Canada used to talk about Mobi-kids study, but that was years ago with no results made public.

What we do have is peer-reviewed studies showing harm to people living within 500 meters of a cell tower (base station), such as this one:

Mortality by neoplasia and cellular telephone base stations in the Belo Horizonte municipality, Minas Gerais state, Brazil. <https://pubmed.ncbi.nlm.nih.gov/21741680/>

For those living in the Rocky Ridge Ranch area wishing to voice opposition, please email the following.

David Weisgerber: David.Weisgerber@calgary.ca

Ward Sutherland: ward.sutherland@calgary.ca

Pat Kelly: pat.kelly@parl.gc.ca

Sonya Savage: Calgary.Northwest@assembly.ab.ca

Science and Economic Development Canada: ic.spectrumcalgary-calgaryspectre.ic@canada.ca

RRRHA : board@rrrha.ca

Tanya Elchuk : FreedomACA0192@synergyland.ca

And last, but certainly not least, because this is the person who can put a stop to cell towers being placed close to where children live, learn and play:

Minister of Innovation, Science and Economic Development (ISED)

The Honourable François-Philippe Champagne

Francois-Philippe.Champagne@parl.gc.ca

A copy to Marg Friesen at Manitobans4ST@gmail.com would be appreciated.
