Subject: 5G- The good or bad news first?

Does this sound familiar to you too?

When this virus crisis began, I didn't pay attention to the politicians. I didn't pay attention to the news media. I quickly learned to not pay attention to our health agencies.

It became clear there was something that we were not being told.

I paid attention to the scientists. The doctors. The virologists. The ones who were HANDS ON with what was happening. Not cooped away in a boardroom or office.

And when it comes to other threats to my health, I do the same.

Maybe you've heard some of the "scaremongering" going on about 5G in your social media feed.

I know I've heard plenty. Again, I'm not listening to the politicians. I'm not listening to the journalists.

And I'm DEFINITELY not listening to the big tech and telecom executives who stand to make billions from 5G!

I'm listening to the scientists AND THE VICTIMS.

[In an upcoming private call](#), you'll hear from *scientist after scientist after scientist* on the very real threat to your immune system posed by 5G.

For example...

Dr. Martin Pall, PhD at the California Institute of Technology has studied this topic for years and has this warning for us...

"We know that the EMFs impact the cells of our bodies...they produce all kinds of effects and those include neurological neuropsychiatric effects, they include reproductive effects, they include toxicity to stress which are involved in **essentially all chronic diseases**. So, I'm deeply concerned about this."

And that's just one of the many scientific sources you'll see referenced.

But, you'll also hear **good news** during the call because...as *lethal* as 5G seems to be...and as *inevitable* as it seems to be...

...there IS an effective way to protect yourself and your family from this monster.

[So don't miss THE ANSWERS...](#)

COVID won't be the last virus to come around. We need to do whatever we can to keep our immune systems strong for whatever threat creeps up next.

Watch the webinar to find out how you can protect your immune system from the 5G catastrophe.

[Click here to save your seat for APRIL 7th @ 4 PM EST.](#)

To your health,
Jeff Hays

The Privacy Policy pertains to the online information collection practices for Revealed Films. Specifically, it outlines the types of information that we gather about you while you are using any Revealed Films ("RF") website (the "Site") and any or all of its subdomains; and the ways in which we use this information.

By visiting and using the Site, you agree that any dispute over privacy is governed by this Privacy Policy. Because the internet is ever-evolving, we may change our Privacy Policy at some point in the future and post the changes to this Privacy Policy on this website and update the Effective Date. of the policy to reflect the date of the changes. By continuing to use the Site, you accept the Privacy Policy as modified.

How We Collect and Use Information

We may collect and store personal or other information that you voluntarily supply to us online while using the Site (e.g., while on the Site or in responding via email to a feature provided on the Site). RF only contacts individuals who specifically request that we do so or in the event that they have signed up to receive our messaging, attended one of our events, or have purchased or have been gifted one of our products. RF collects personally identifying information from our users during online registration and online purchasing. Generally, this information includes name and e-mail address for registration or opt-in purposes and name, postal address, and credit card information when registering for our events or purchasing our products. All of this information is provided to us by you.

We also collect and store information that is generated automatically as you navigate online through the Site. For example, we may collect information about your computer's connection to the Internet, which allows us, among other things, to improve the delivery of our web pages to you and to measure traffic on the Site. We also may use a standard feature found in browser software called a "cookie" to enhance your experience with the Site. Cookies are small files that your web browser places on your hard drive for record-keeping purposes. By showing how and when visitors use the Site, cookies help us deliver advertisements, identify how many unique users visit us, and track user trends and patterns. They also prevent you from having to re-enter your preferences on certain areas of the Site where you may have entered preference information before. The Site also may use web beacons (single-pixel graphic files also known as "transparent GIFs") to access cookies and to count users who visit the Site or open HTML-formatted email messages.

We use the information we collect from you while you are using the Site in a variety of ways, including using the information to customize features; advertising that appear on the Site; and, making other offers available to you via email, direct mail or otherwise. We also may provide your information to third parties, such as service providers contractors and third-party publishers and advertisers for a variety of purposes. Unless you inform us in accordance with the process described below, we reserve the right to use, and to disclose to third parties, all of the information collected from and about you while you are using the Site in any way and for any purpose, such as to enable us or a third party to provide you with information about products and services. If you do not wish your information to be used for these purposes, you must send a letter to the Online Privacy Coordinator whose address is listed at the end of this Privacy Policy requesting to be taken off any lists of information that may be used for these purposes or that may be given or sold to third-parties.

Please keep in mind that whenever you voluntarily make your personal information available for viewing by third parties online – for example on message boards, weblogs, through email, or in chat areas – that information can be seen, collected and used by others besides us. We cannot be responsible for any unauthorized third-party use of such information.

Some of our third-party advertisers and ad servers that place and present advertising on the Site also may collect information from you via cookies, web beacons or similar technologies. These third-party advertisers and ad servers may use the information they collect to help present their advertisements, to help measure and research the advertisements' effectiveness, or for other purposes. The use and collection of your information by these third-party advertisers and ad servers is governed by the relevant third-party's privacy policy and is not covered by our Privacy Policy. Indeed, the privacy policies of these third-party advertisers and ad servers may be different from ours. If you have any concerns about a third party's use of cookies or web beacons or use of your information, you should visit that party's website and review its privacy policy.

The Site also includes links to other websites and provides access to products and services offered by third parties, whose privacy policies we do not control. When you access another website or purchase third-party products or services through the Site, use of any information you provide is governed by the privacy policy of the operator of the site you are visiting or the provider of such products or services.
