

Hello Riding Representatives and Community Members!

Thank you for sending emails to Canadian Senators to include EMR (EMR - electromagnetic radiation) in Senate Bill S-5 “*An Act to amend the Canadian Environmental Protection Act, 1999* ... “so EMR will then be included in the Canadian Environmental Protection Act (CEPA).

CALL TO ACTION - Follow-up on emails to the email(s) you sent to Senators and give each of them a call to set up a meeting.

Note 1: If you have not contacted the Senators in your province, it is not too late to do so. Please see the email we sent previously about this.

Note 2: If a Senator has replied, please share that response with us Marg Friesen, marg.c4st@gmail.com and Shelley Wright, shelleyw@c4st.org,.

ACTION: Follow-up phone call to Senators:

Please call the Senators in your province (and others if you have time, especially Senator Gold (“sponsor” of Bill S-5), chair Senator Massicotte and other members of the Energy, Environment and Natural Resources Committee (ENEV) . Link to Senators on ENEV: <https://sencanada.ca/en/committees/enev/>

The list of Senators, sorted by Province, is attached.

1) Confirm that the Senator received the email from you requesting EMR be included in Bill S-5 so it is included in the Canadian Environmental Protection Act (CEPA).

2) Ask if the Senator was able to take a look at the White Paper “Protect Birds, Bees and Trees ...” that you had attached to your original email. They may ask you to resend it.

3) Ask for a meeting. Frank, Marg and others from the C4ST team would be glad to join you.

Please let us know what kind of a response you get.

Adding electromagnetic radiation (EMR) to the Canadian Environmental Protection Act (CEPA) will lead to significant reductions of ambient levels of EMR and help protect us and the environment.

We are thrilled about your excellent work urging Senators to include EMR in CEPA via Bill S-5.

We'll send out soon another CALL TO ACTION regarding contacting grassroots and other organizations about our **“Protect Birds, Bees and Trees...”** include **EMR in CEPA** campaign.

Keep up the great work!
