### **Sharon, did you know...**

We're surrounded by dangerous "EMF Radiation" – every day – and our exposure continues to multiply daily...

*(It's Harper from HealthMeans More, by the way...)*

### **It's so severe...**

That the World Health Organization recently labeled it as a possible carcinogen...

*(A substance capable of causing cancer in living tissues...)*

### **Unfortunately, it's impossible to avoid because we're surrounded by:**

- *Weight problems...*
- *Autoimmune disease...*
- *Sleep disturbances...*
- *Constant fatigue...*
- *And Type 2 Diabetes...*

### **Here's how it's proven to work...**

### **The results are astonishing...**

- > Heart rate variability (HRV) jumped by an average of 700%...
- > EMF-related stress reduced by an average of 48%...
- > Biorhythms (including sleep) improved by an average of 160%...
- > Energy reserves leaped by an average of 530%...
- > "*Biological age*" decreased by two years...
- > Critical markers of health jumped by up to 138%...
- > The body's "*Biophoton Field*" is enhanced by an average of 140%...
- > The body's "*Psycho-Emotional State*" improved by an average of 100%...
- > And nervous system regulation sky-rocketed by an average of 310%...

[That's why we believe this "Harmoni Pendant" is the best way to protect your \(and your family's\) health against EMF radiation.](#)
